

INKAS Armored is the leading manufacturer and supplier of armored vehicles in Dubai, UAE.
We have over a decade of experience in the industry, and we have delivered thousands
of armored cars to clients all over the world.

INKAS ARMORED VEHICLES

When it comes to exporting quality products from the UAE to international markets, Inkas holds strong position at the top of the preferred manufacturers' list; a company that is committed to making the world a safer place by combining world-class engineering and design with the highest quality materials and expertise to provide safe and luxurious vehicles internationally.

INKAS ARMORED VEHICLES LLC was founded in 2012 by Uzbek entrepreneur, Ulugbekhon Maksumov. Since then it represented UAE internationally as a world-class producer of armored vehicles, and the largest of its kind in Dubai.

Defense is a key area of the UAE's long-term economic vision and Inkas is driving this agenda, manufacturing locally and exporting overseas. Inkas is a privately-owned company and specializes in manufacturing armored vehicles with a touch of luxury. The ability to combine quality with opulence has enabled Inkas to be a world leading manufacturer of armored vehicles, exporting throughout the GCC, Africa and Europe.

The company supplies embassies, consulates, militaries, NGOs, UN departments and security companies internationally, assuring protection in some of the world's most threatening and dangerous environments, allowing safe transportation in conflict-prone and life-threatening situations.

INKAS ARMORED VEHICLES also supplies VIP clients with tailor-made luxury armored vehicles.

CEO's Message

Nowadays, citizens of the world have to face the darker side of evolution of emerging technologies – surge in scale and sophistication of diversified safety threats on land. Such state of affairs places pressure on the defense industry and fuels our passion to keep the human right for safety pristine. It is not in our power to eliminate threats, but it is within our expertise when utilizing our extensive skills and cutting-edge technologies to provide you with a proper shield against anticipated menaces.

Hence, on behalf of INKAS ARMORED VEHICLES, I pledge to keep such a basic human right for safety intact.

Faithfully Yours,
ULUGBEKHON MAKSUMOV - CEO

MISSION STATEMENT

OUR MISSION

We honor safety and strive to provide prime solutions in vehicle protection.

We take the path to earning worldwide recognition, as leaders in designing and manufacturing premium armored vehicles.

OUR OBJECTIVES

The founder of INKAS ARMORED VEHICLES has leveraged his decades of experience within the global security industry to engineer world-class customized armored vehicles.

With the vision to providing the best in its class from the hub of where it all happens, the Dubai facility was officially established in 2012.

Each and every member of our team makes a mighty contribution to providing our clients with the utmost experience of superior safety solutions.

OUR FACILITIES

The company has a 157,000-square-foot facility with state-of-the-art production lines that create armored vehicles of the highest quality.

The facility includes four workshops, with glass and laser-cutting machines that foster an environment of innovation. Its laser cutting facility allows Inkas to create and build customized vehicles to suit all needs. Strict protocols are followed to ensure only the highest quality vehicles get the Inkas quality mark. In total, Inkas exports around 400 vehicles a year.

MADE IN UAE

INKAS Armored Vehicles is proud to be a UAE-based company that showcases the region's capabilities and vision for a safer future. We are more than just a company that produces high-quality armored vehicles and bulletproof cars, INKAS is a symbol of UAE's excellence and continuous innovation in the global industry.
